Brushed Oak Springfield
Urban Collection

Brushed Oak Natural Frontier
Milltown Collection

Otter
Tundra Collection

Omni Viking Lakes Hotel anchors the Viking Lakes Development project in Eagan, Minnesota. The hotel draws on American-Nordic landscapes for its inspiration, with Kentwood hardwood floors contributing to its strong visuals and colors. In Kyndred Hearth Restaurant, owned by James Beard award-winning chef Ann Kim, Kentwood Brushed Oak Natural Frontier was chosen for its authentic characteristics and saw-mark finish, with the deep brown-black of Kentwood Brushed Oak Otter acting as a striking transition between natural wood tones and polished concrete in high traffic areas. Otter repeats as a transition in the Keras Bar and Ten Drops coffee shop, visually defining lounge, communal, and retail spaces featuring Kentwood Brushed Oak Springfield.
